Television Philco TP 1452n TV Philco TP 2052N Rated AC 120V, 600Hz, 1/2" x 2" Diagonal Grid Square Wave Horizontal Driver Assembled in China. Picture is indicative. No actual item is being sold. Western Electric part number is 4E-19. For Parts ONLY! NOT FOR SALE!Shipping included in cost of parts only...DO NOT SHIP OUTSIDE THE USA!!! The Philco TP-2052N television set was introduced in 1958 and discontinued in 1959. It is a pre-Tuner set. It has a 12-inch picture tube. The Philco TP-2052N television is electronically identical to the Philco TP-1452N Television with the exception of the RF amplifier. We do not have a schematic for this model, but we have heard that a schematic can be purchased from a former Philco technician for $25.00USD + shipping. Here is the link to the thread on the Antique Radio Forums. Views: 216 by 4H0G5H3L1T6F
