mods for Yandere Simulator.  
Powerful Mods for Yandere  
Simulator When I created Yandere  
Simulator, I made a promise to  
include powerful mods in the file. I**

---

thought that getting the final version of this mod to the community would be difficult, but it happened so fast that I was surprised. I decided that I should make this. I hope you enjoy! A mod that adds new Bloodie items, it is a parody of Mindless and Chaos Unleashed: Lost Sorcery. This mod is a part of my King of the Hill mod, but it has been made separately so that it can be played by itself. It is a mod that adds new weapons, batons, and potions that only the first few students will have, so it will be really entertaining to

---

see what the students come up with.

This mod is a part of my King of the Hill mod, but it has been made separately so that it can be played by itself. It is a mod that adds new weapons, batons, and potions that only the first few students will have, so it will be really entertaining to see what the students come up with.
