Create CD/DVD-based autoplay menus using the SamLogic CD-Menu Creator For Windows 10 Crack. It is an easy-to-use yet very versatile tool for creating autoplay menus for CDs/DVDs and USB flash drives. The program allows you to select a set of functionalities including customization of the main window, management of media items, and choosing among several menus templates. Dice Roller 0 comments Navigation Topics and tags Topics and tags Editors' picks SamLogic CD-Menu Creator is a simple-to-use program that gives you the possibility of creating autoplay menu interfaces. It offers support for CDs, DVDs and USB flash drives. This tool sports numerous functions for helping you build and design menus. Its plain and well-structured interface lets you create a new project from scratch (for CDs/DVDs or flash disks), or choose one of the templates supplied by the app. As far as settings go, you can specify the menu dimension, background color and caption text. Plus, you can show a minimize button, enable support for Windows autorun, and make the menu stay on top. It is also possible to edit text attributes (font, color, alignment) and effects (e.g. use shadow), configure buttons (e.g. size, style, placement, alignment), and add text buttons. Moreover, you can select a background picture and logo type, apply an image on the menu, insert background music along with button click and hoover sounds, edit movies properties (e.g show movie in full screen mode, set movie size in the menu screen), as well as edit version details. Before compiling and executing the menu, you can get a glimpse of the whole project. SamLogic CD-Menu Creator is very low-demanding when it comes to the CPU and system memory, thus it doesn't burden the computer's overall performance. It has a good response time and works well, without causing the OS to hang, crash or pop up error dialogs. Thanks to its intuitive layout yet numerous options, SamLogic CD-Menu Creator should be appealing to the entire audience. A simple program that lets you create menus for Cd and usb flash drives. Create CD/DVD-based autoplay menus using the SamLogic CD-Menu Creator. It is an easy-to-use yet very versatile tool for creating autoplay menus for CDs/DVDs and
