The new motion capture technology helps players with less ball control move like champions, contribute to the team's offensive moves, defend better and, more importantly, feel more accurate in their movements. For players, the enhanced Artificial Intelligence (AI) algorithms, precision heading and ball control, together with new realistic animations, make FIFA 22 more immersive than ever. For more information on FIFA 22's new motion capture technology, please visit: [www.easports.com/fifa](http://www.easports.com/fifa). In addition, EA SPORTS also unveiled a number of FIFA 22 gameplay announcements today, including: Four New Storylines Four new storylines help define every aspect of the game, including "Blitz," "Enthusiast" and "Resurgent." "Blitz" - This tournament will challenge soccer powerhouses as rival superpowers. From the pitched battles between Brazil and Germany, to the mighty clubs facing off across the English Premier League, "Blitz" has numerous team stories to provide a competitive, gripping environment throughout the tournament. "Enthusiast" - Soccer isn't always a spectator sport. For some, it's a way to escape the real world. For others, it's a way to earn a living. In "Enthusiast," use your talents and get to the top of your chosen sport. Build your dream team, become the best player in the world, and win the ultimate prize: the World Cup. "Resurgent" - Most big tournaments are decided by the small margins. "Resurgent" highlights those small margins to give you opportunities to raise your game and get a leg up on the competition. Build your fantasy team using the best players from the past and present, and earn a spot in the world's most important tournament. Pro-Quality Soundtracks From infectious Latin hip-hop songs and vibrant club anthems, to new arrangements of classic FIFA music, the new and improved soundtrack packs a real punch. New controller and gameplay features that combine to create a single, comprehensive experience. More speed, agility and finesse, allowing you to see everything play out before your very eyes. Stunning visuals that are the only thing in the way of your soccer dominance, with full control over the composition, camera and player model settings. F
