University of Texas at Austin: Southpointe Known as the South of Southpointe, this is an open-air, American-style bar and grill restaurant. The menu is more like fast food, with cheap burgers, fries and drinks. But they do have full-sized entrees like rib-eyes and burgers that are more expensive but you're paying for quality. Pages Mountain Biking Trails in Banff "We can ride anything from 1 to 5 days....we work on fitness, skills, persistence, and courage." Banff, Calgary and Canmore are situated on the edge of a Rocky Mountain range and is home to some truly amazing mountain biking trails.

Here are a few of our favourites with directions and some of the people we met on the trail. Banff Mountain biking | Fox Creek Mountain biking The Fox Creek is one of the best beginner's mountain bike trails you'll ever ride. At just over 4 km, you'll feel like you're in the backyard of a friend's house. Banff Mountain biking | Evergreen The Evergreen trail is definitely a little more technical than some of the others. If you have the longest 4x4 batteries for your trailer, you might be able to figure out how to navigate your way through the long straight sections. Remember, taking it slow and steady is the best strategy for a lot of mountain biking trails. Banff

Mountain biking | Highline Trail The Highline Trail is a bit of a mystery, unless you're coming from downtown Banff. This trail doesn't make it's way into the town, it's pretty secluded and hidden. "It's a lot of fun to meander through the canyon and cut through the woods, it's pretty open so there's no one else around and you can get away with a lot of things. I got away with piggybacking down the hill on someone's bike for a few hundred metres. With all the busyness and stress of the city you get to step back into nature. The Highline is also great for dogs and we have found that the trails are dog friendly. Banff Mountain biking | Milner Ridge Another great trail in Banff is Milner Ridge. This trail is almost like a 2-man race. It's a speedy downhill with lots of switchbacks and short steep sections. We met a group of 4 guys, ages ranging from 18 to 33, who were training for the Trans Am mountain bike race. Check out the Trans Am mountain bike video on Youtube. The trail
